

# PERFECT FOR EVERY PATIENT

Every person has unique vision needs and requires unique vision solutions. Work with your Vision Source doctor to create a vision solution that is perfect for you.

## ADD ANOTHER PAIR

Whether you are working at a computer or need a premium pair of prescription sunglasses, an additional pair of glasses can add to your comfort, safety and satisfaction.

### COMPU<sup>clear</sup>

Reduce the eye fatigue that comes from extended computer use with CompuClear.

- Innovative design greatly reduces pain and discomfort caused by eye fatigue
- No-Glare is included to add additional relief from overhead lights or poor lighting conditions

### TRU<sup>clear</sup> Sun

Every TruClear Progressive and Single Vision design is available for polarized prescription sunglasses.

- 100% front-side UVA/UVB protection helps prevent premature wrinkles, skin cancer and damage to the eye
- Experience better safety on the road by eliminating dangerous glare while driving
- See with greater clarity and truer colors for more comfortable outdoor vision

©2013 Vision Source, L.P. Vision Source, TruClear, Viso and Viso XC are registered trademarks, and PALZ and CompuClear are trademarks of Vision Source, L.P.

E-SPF and the 25 E-SPF design are registered trademarks of Essilor of America, Inc. E-SPF is a global index developed by Essilor, endorsed by independent third parties, measuring the lens' UV protection excluding direct eye exposure from around the lens. E-SPF of 25 means the wearer is 25 times more protected than without any lens. E-SPF of 25 when Viso XC Plus UV is made with any lens material other than clear 1.5 plastic.

# VISION

Your Vision Source doctor offers a wide variety of vision solutions to perfectly fit your health, comfort, style and budget needs.

## PROGRESSIVE LENSES

Eliminating unsightly lines and providing seamless vision near, far and in-between, no-line progressive lenses offer a more natural visual experience than bifocal lenses. Your Vision Source doctor offers a great range of solutions from budget-friendly lenses to fully personalized digital lenses.

### PAL<sup>z</sup>™

A value-conscious progressive option, PALz provides useful sight at all distances for a broad range of vision.

### TRU<sup>clear</sup>®

TruClear progressive lenses are a more refined design, customized for your vision based on your eye anatomy to maximize clear vision.

### TRU<sup>clear</sup>®SD **NEW**

TruClear SD digital progressive lenses are even more customized, featuring patented Near Vision Optimizer technology to optimize vision when using digital devices such as smart phones and tablets.

- Optimized close-up viewing
- Wider vision at all distances
- Natural eye movement from near to far

### TRU<sup>clear</sup>®XD **NEW**

TruClear XD digital progressive lenses are the pinnacle of the TruClear progressive line. They take into account four additional measurements based on facial attributes, frame style and reading posture for a truly personalized lens.

- Top of the line premium lenses
- Fully personalized for every patient

## SINGLE VISION LENSES

Your Vision Source doctor offers premium single vision options to ensure optimal vision for every patient!

### TRU<sup>clear</sup>®SD Single Vision **NEW**

TruClear SD digitally designed single vision lenses provide superior vision in any activity. They utilize breakthrough technology to provide:

- More vivid colors and details
- Superior clarity in low light conditions
- Sharper vision across the lens
- A wider field of vision

### TRU<sup>clear</sup>®XD Single Vision **NEW**

TruClear XD Single Vision is a digital single vision design that builds on the breakthroughs of TruClear SD Single Vision. They go beyond your prescription to take into account frame measurements that affect your overall vision. This provides a fully personalized and natural visual experience.

- Fully personalized for every patient
- Optimized for the way you wear your lens

## NO-GLARE IS A NECESSITY

Making lenses more safe, more durable, better looking and easier to clean, No-Glare should be a given on every lens. Your Vision Source doctor has an excellent range of options.

### VISO<sup>®</sup>

A great basic No-Glare option, Viso will reduce glare for increased safety while making your lenses look better.

### VISO<sup>®</sup>XC

Building on Viso, Viso XC adds powerful scratch and smudge protection and is easy to clean.

### VISO<sup>®</sup>XC Plus

Even easier to clean, Viso XC Plus adds breakthrough anti-static properties to repel dust and particles.

### VISO<sup>®</sup>XC Plus UV **NEW**

The top of the Viso line, Viso XC Plus UV adds the most complete daily UV protection with an Eye-Sun Protection Factor® (E-SPF) of 25\*. This means your eyes are 25 times more protected against UV rays than without any lens.

\* E-SPF of 25 when Viso XC Plus UV is made with any lens material other than clear 1.5 plastic.
